You can also see the main features from previous releases of the product. . Word files directly to table, schedule and outline (R2021b, R2021a, R2020b). In the case of R2021a, R2021b and R2020b, data can be added to the table directly from the Excel spreadsheet. To create a new R2020b workbook or a new sheet in an R2021b (or R2023b) workbook, open the Excel file. After that, open the R2021b workbook in Excel and select the sheet where you want to place the data by clicking the Add Sheet button located in the Insert Sheet group on the right side of the screen. The result is data in a new workbook. You can use R2021b and R2023 for this.
