Now you can increase the quality of your tracks from the beginning with Captain Plugins 5. Using loops and samples, you can even put them into your tracks as plug-ins. Captain Plugins includes all the tools to help you create better music. Captain Plugins 5 brings five tools: the Harmonic Waveform Analyzer, the Harmony Waveform Analyzer, the New Harmony Layer, the Pitch Transformer, and the Pitch Shifter. The Harmonic Waveform Analyzer automatically detects the key of a sound, and it also detects the root, sub- and super-dominant, and the harmonic content of a sound. If you have the Harmonic Waveform Analyzer, you can instantly analyze and match your samples. The Harmony Waveform Analyzer automatically detects the harmony of a sound and detects the harmonic content of chords. Using the harmony analyzer, you can easily and instantly detect harmonic content in sounds. Captain Plugins contains all the harmonic tools you need for the perfect mixing. Captain Plugins 5 includes the New Harmony Layer, Pitch Transformer, and Pitch Shifter. The New Harmony Layer analyzes sounds and automatically creates a harmony layer for each sound. Using the harmonic layer, you can easily create new harmonic sounds or remix existing tracks. Pitch Transformer analyzes sounds and automatically creates a pitch layer for each sound. Pitch Shifter analyzes sounds and automatically creates a pitch shifter for each sound. You can change the pitch in the same way as in the past. You can even change the pitch with an effect.
