
Oracle 9i Free Download Full Version

Describes the Oracle9i Data Guard Broker, a management and monitoring interface that automates many of the tasks associated with configuring and monitoring standby. It allows you to control the status and configuration of applications deployed on the application server to provide better customization and performance optimization. Additionally, support for Oracle9i Data Guard Appliance with Oracle9i Data

Guard and Oracle9i Data Guard
Web Services is supported.
Description Describes the
Oracle9i Data Guard Broker, a
management and monitoring
interface that automates many of
the tasks associated with
configuring and monitoring
standby.
