Mystic Weapon Skins give weapons a unique feel and give them a mystic power! These weapon skins are powered with great might! Character Customization: Mystic Weapon Skins: Mystic Weapon Skins are unique weapon skins which have been formed and animated with Mycian-tech. Weapons with this skin will feel more powerful and they will increase chances of critical hit. These weapon skins are not pay-to-win, but you can equip them on weapons right away. New Item: Mycian Forest Plate: Our new Mycian Forest Plate has been specially developed for this DLC! This full-body armour grants more protection against projectile damage and poison. The Mycian Forest Plate has been exclusive to Mystic Weapon Skins. Please note that there may be some items that do not need to be purchased to unlock. Some of the cosmetic items like Mystic Weapon Skins and the Mycian Forest Plate are not required. They are purely cosmetic. "This new Mystic Weapon Skin system is the first time we expand the range of our crafting in the game, and it gives a deeper meaning to the skill in the base game which allows players to craft items by doing a certain action which gives rise to a mystic power or effect. The items spawned in the Mystic Weapon Skins are also incomparable to any other pieces of items." - Aoi Ueda, Producer: SIE Japan Studio Although the weapon skins are purely cosmetic, you are able to equip them on weapons directly. This DLC is suitable for all players of the game, regardless of the last season of gameplay. The AOR/AOR+ mode is also included in this DLC. Also includes: Black Hand Furniture Set Explorer's Trousers (Bow) Hunter's Footwear Camouflage Vest Hunter's Utility Belt New Ship: "Falcon" Add-On: New Player Outfit As DLC #1, AOR mode offers a new multiplayer combat experience and features over new battle encounters and adventure quests. Phenex: If you say so. Just call me Big Phenex. As for today's characters, it seems most of the Battle Staff are still at the barracks. Lydia: I wasn't sure how the Ladies' Room crew was gonna bounce back from those wild nights. I saw it as just a matter of time before something like this would happen. Ang
