four parts: - The first part of the conference, "ISDA in the Americas: Practice and Practitioners", will deal with the general ISDA and its use in the Americas. It will be held on June 8th and will have a more business/commercial approach (as opposed to the other three parts). The first session will deal with "Parties to an ISDA Agreement", and will present an overview of standard ISDA documents and its use in the Americas. - The second part of the conference, "ISDA and Other Cross-Border Instruments: Practice and Practice", will focus on the use of other financial products (like agreements and

documentation) such as: -  
Futures/Options/EFP/LGE's -  
OTC Derivatives - Commodity  
Derivatives - OTC Structured  
Products - Swaps - Weather  
Derivatives and so on. This part  
of the conference will be held  
on June 10th. - The third part of  
the conference, "Cross-Border  
Financings: Fundamentals and  
Next Generation Financial  
Products", will cover new  
financial products designed to  
overcome the limitations of the  
current regulation concerning  
international transactions.  
These products will be very  
specific to the different  
geographies but
