Key Features: - Unprecedented variety of authentic players and ball physics, which will bring even more dimension to the gameplay. - Precise, nuanced player controls with improved responsiveness from micro-accuracy to speed and style. - Precision tackle with more physicality and aggression, and new slide tackles to unsettle opponents. - New dribble controls and flicks to encourage more aerial movement. - New unlocking system for attacking playmaking controls, with improved ball control and styles. - Includes a number of video tutorials that guide you through the controls and tactics, as well as getting you started playing right away. - Added the first Football Manager Mode for "small-scale" online games, which makes the shift to online play faster and more enjoyable than ever. This will allow you to continue your online journey in this brand-new and unique gameplay experience. Branded Player AI There are now over a thousand real-world players in the game to create new player-vs-player scenarios that weren't possible before. Players are playable and react to on-field events like goals, free kicks, and fouls. For example, players can dive, block shots, tuck clear the ball away, or pass to an open teammate as you would expect. Rival player AI no longer just runs in place when a match is underway. They move into each other and around the field, making the on-field a more dynamic experience. Exclusive FIFA Manager Mode To complement the new motion capture technology, this new FIFA Manager Mode allows you to construct and manage your in-game team. You can play in teams or in free-kick-only matches with up to 22 players. Use your experience as a real-world manager to build a squad based on how you think the world will play out, and challenge players to help you develop and capture the difference. Challenge your friends to online matches, or take on other managers in FIFA Manager Mode on PlayStation®4 and Xbox One. Matchday In normal mode, FIFA 22 includes over 600 realistic environments and over 300 stadiums, as well as over a thousand authentic, playable players and AI-controlled opponents. The editor is also completely customizable so players can create their own tournaments. You can take part in multiple leagues or create your own leagues on FIFA 22. And in FIFA Ultimate Team Seasons, you can continue your journey in all League matches and
