The **most in-depth campaign**. If " your campaign mode is *not as deep* as we had been hoping for, then we're sorry.

**Five original levels** built on the Backbreaker engine. Sounds good? Then stay tuned, isn't about to get a lot better. After all, you really don't want to spend all the time in the game just on the story. Do you!?

A **Deep Story Mode**. Although you don't need to, you are even *more* likely to complete the game when playing through the story than in any other mode. Do you really want your story to be as long as, say, the Star Trek licence campaign?

**Crush Crush is easy to pick up and play, you will seldom be at a loss for what to do next. With the slogan 'Try to destroy the strongest stone, defeat the enemy' you can be sure that you'll see heavy action on your screen as you can imagine. And we won't lie to you, as this saga will *make you* want to get up and go to the bar to buy a few rounds. Certainly our best matching game with a strong focus on fun included. Is it possible to be any easier?**

Crush Crush is a match-based puzzle game where you get to play the part of a mischievous little prince.

The bottom stone (the smaller ones) should fall in place first, then the middle stone (the medium ones), then the top stone (the biggest ones). The challenge is what to do when you have fallen into the cellar, but most importantly what to do when you
